Dramatic Scene Enacted on Liner Montrose When a Scotland Yard Inspector, Disguised as Pilot, Confronts Suspected Murderer Who Lied to Him in London and Flew—Typist, in Boy's Clothes, Collapses.

(ASSOCIATED PRESS NIGHT REPORT.)

FATHER POINT (Quebec) July 31.—Dr. Hawley Harvey Crippen and Ethel Claire Leneve, his stenographer, who fled from London after the disappearance of Belle Elmore, the doctor's wife, were arrested here today aboard the Canadian Pacific liner Montrose, at the command of Inspector Dew of Scotland Yard.

The identification of the long-sought fugitives on the fog-bound steamer by the English officer who had raced across the Atlantic ahead of the Montrose, marked the ending of one of the most sensational flights in recent criminal annals.

Accompanied by Canadian officers, Inspector Dew boarded the vessel at 8:30 o'clock this morning and fifteen minutes later both man and girl were locked in their staterooms. Crippen, broken in spirit, but mentally relieved by the relaxed tension, the girl garbed in boy's clothing, sobbing hysterically. They were no longer the "Rev. John Robinson and son," as booked from Antwerp on July 29.

After brief delay, the Montrose continued her 160-mile journey up the river toward Quebec, where jail awaited the pair.

SCENE IS DRAMATIC.
Crippen is charged with the murder of an unknown woman, believed to have been his actress-wife. The girl is held as an accessory.

In charge of Inspector Dew, they will be taken back to England for trial on the Royal liner steamer Royal George, leaving Quebec Thursday next.

Seldom has there been a scene surrounding the pursuit of a criminal so pregnant with dramatic features as that enacted off this little settlement this morning.

Inspector Dew had spent a sleepless night at the Marconi operator's side, communicating through the fog with the liner that bore the man and woman he sought. The man had lied to him in London and fled the city with the mystery of Belle Elmore's disappearance unsolved, and a strong personal feeling entered into the case, accentuating the detective's desire to carry out the task assigned him by Scotland Yard.

At 4:30 this morning the approaching ship's whistle was heard above the howling of the Father Point fog horn.

Like a giant alarm clock, it awakened the nervous villagers and the expectant newspaper men, who dressed hurriedly and waited in a drizzling rain for the liner's arrival.

JOHN G. CARLISLE IS SUMMONED BY DEATH.

Former Secretary of the Treasury, Who Had Been Ailing for Months and Critically Ill for Last Several Days, Dies of Heart Failure.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, July 31.—John G. Carlisle, former Secretary of the Treasury, who had been critically ill for the past two days, died at his apartments in New York, at 10:50 o'clock, of heart failure, accompanied by pneumonia.

His last moments were spent in a quiet room, where he was attended by his family and a few friends.

Mr. Carlisle's career, while not of the kind that will make his name figure prominently in American history, has a peculiar interest for those who are fond of pointing out the great opportunities open to American youth.

His life has been divided into four periods, all of which, except the last, were not without a certain amount of activity and even of dramatic intensity.

LEE STATUE
TO REMAIN.Will Stand in Statuary Hall
by Other Heroes.President Approves Opinion
by Wickersham.Memorial of Confederate in
Uniform Is Legal.

(Associated Press Night Report.)

BEVERLY (Mass.) July 31.—President Taft has approved, without comment, an opinion by Atty.-Gen. Wickersham, to the effect that there is no violation of law by which the statue of Gen. Robert E. Lee in Confederate uniform can be removed from Statuary Hall in the Capitol at Washington.

In addition to deciding the question of a purely legal basis, Mr. Wickersham argues the matter from an ethical point of view, declaring that Lee was come to be regarded as typifying that was best in the cause to which he gave his services and the loyal and unimpaired acceptance of the complete overthrow of the cause.

That the State of Virginia should designate him for that place in Statuary Hall, as one illustrious for distinguished military service, the Attorney-General declares, is only natural and warranted under the reading of the law.

WICKERSHAM'S OPINION.

Mr. Wickersham's opinion was made forth by protests to the President from the Department of New York, G. A. R. In his opinion, approved and approved by the President, Mr. Wickersham says: "I have read the resolutions adopted by the Department of the Army and the Department of the Navy, on June 23, and the communications of Hon. James Tanner with respect to them."

The act of July 2, 1864, referred to, provides for the creation of suitable statues and railings in the old hall of the House of Representatives, for reception and the protection of the statue and the statue authorized the president to invite each and all the States to provide and furnish statues of marble or bronze not exceeding in number for each State, of distinguished persons who have been citizens thereof, and for distinguished military or naval services, such as each shall deem to be worthy of this national commemoration.

THE ETHICAL SIDE.
It is now forty-five years since the War was closed. Robert E. Lee has been generally regarded as typifying not only all that was best in the cause to which at the behest of his State he gave his services, but also the most loyal and unimpaired acceptance of the complete overthrow of that cause. That the State of Virginia should designate him for that place in Statuary Hall, as one illustrious for distinguished military service, the Attorney-General declares, is only natural and warranted under the reading of the law.

(DIRECT WIRE TO THE TIMES.)

CAGO, July 31.—(Exclusive Dispatch.) Announcement was made to St. Vincent's Church that the Rev. John J. Martin, C.M., pastor of the church and president of the University had been appointed president of De Paul University at Cape Girardeau, Mo., to the very Rev. A. E. Anzil, C.M., pastor of St. Vincent's Church, St. Louis, to succeed Father Martin as president of Paul University and pastor of St. Vincent's Church.

High Father Martin has been in St. Vincent's Church for two years, and has been remarkably successful in his efforts to interest his flock in the parish buildings, and his ability is shown in the numerous departments founded in the church since his advent.

(DIRECT WIRE TO THE TIMES.)

YORK, July 31.—(Exclusive Dispatch.) A mysterious fair, a puzzle to many, and a source of much speculation, arrived here on the City of New York this morning from Liverpool. The fair, which is a stowaway, with a crew of about 150 persons, is on the ship and is being investigated.

the Democratic ticket, but declined to run. And then in 1867 he was sent by his district to the State Senate. In the following year he got his first taste of national politics by going as a delegate-at-large to the National Democratic convention in New York. In 1871 he was nominated for Lieutenant Governor of Kentucky, resigned his seat in the Senate, was elected, and served as Lieutenant-Governor four years.

In 1877 Carlisle was elected to Congress and was re-elected six times. In 1882 he was chosen Speaker of the House, being preferred to no less a man than Samuel J. Randall. For six years he was in the chair of the House. His election to the United States Senate in 1890 was not regarded by anybody as an advancement, as he was already one of the foremost men in Washington. From 1893 till 1897 Carlisle was Secretary of the Treasury, which he vacated with the outgoing of the Democrats.

URGE LIBERTY FOR BROWNE.

Lawyers Plan to Attack Court's Jurisdiction Today—'Girl in Blue' Is Ready to Testify.

(CHICAGO, July 31.—(Exclusive Dispatch.) Tomorrow morning the second trial of Lee O'Neil Browne will be called before Judge George Korsten in the criminal court. The first movement by Browne's attorneys will be to attack the jurisdiction of the courts of Cook county and they will ask that the case be disposed of at once by the court and thrown out on that ground.

If the arguments of Attorneys William S. Forrester and Charles E. Erbstein fail to accomplish its end, the attorneys will then endeavor to enter a rule which will make inadmissible the testimony of Legislators Link, Beckmeyer and White on the grounds that they are self-confessed bribe-takers.

Arguments by the defendant's counsel will take up all of Monday and Tuesday. It is believed that when the case is on its way and a jury has been selected, Miss Ellen Christy, the 'girl in blue,' will be called by the prosecution. Miss Christy is in the city and is extremely reticent about her plans.

It is also believed that Browne will take the stand in his own behalf when the defense is begun. At the last trial Browne expressed a desire to go on the stand, but was overruled by his attorneys.

LIVE ON VINEGAR AND SUGAR.

Crew Rescued from Sinking Ship—All Unconscious, But Revived—Thirteen Days Helpless.

(Associated Press Night Report.) NEW YORK, July 31.—Two days after leaving Barbados, July 23, the British steamer Italis, in yesterday from Buenos Ayres, sighted a sinking ship flying signals of distress.

The ship turned out to be the little Sunlight, a cargo carrier that ran between the islands of Antigua and Barbados. She lay helpless with her master and her crew of five, flat on the decks. When the men had been hoisted aboard the steamer and revived, Capt. J. Frank, owner of the Sunlight, said that he had lost his senses from a fog and for thirteen days he and his crew had been living on vinegar and sugar.

How long they had been unconscious before the Italis bore down on them, he did not know. The crew worked the pumps until exhausted. Distress signals were set after a storm washed their food and water overboard. When the weather cleared, it was found that the compass had gone with the provisions and the crew pumped and sailed recklessly until one by one they were overcome by exertion and starvation and each in his turn stretched himself on the deck to die. Capt. Frank was the last man to give in.

CRAZED MURDERER IS
SHOT DOWN BY POLICE.

(BY DIRECT WIRE TO THE TIMES.)

SCRANTON (Pa.) July 31.—(Exclusive Dispatch.) After a fight with the police, which lasted two hours, during which many rifle shots were exchanged, George Stout, a maniac murderer, was killed on top of a culm heap in the Green Ridge section of Scranton at 2 o'clock this morning. Stout's body was riddled with bullets from the rifles of the police. Mayor John von Bergen, Director of Public Safety O'Malley and Chief of Police Day headed the police squad that tried to capture Stout, who, armed with rifle and revolver, defied them on the top of the high culm heap.

The thrilling scene was witnessed by thousands of spectators, among whom the bullets from Stout's rifle whistled. Mayor von Bergen directed the police to capture the fugitive alive, but as the officers climbed the steep sides of the culm heap they were exposed to Stout's fire and had many narrow escapes.

Finally it was found necessary to slay the desperate man who was shooting to kill, and he fell dead on the culm bank with over twenty bullets in his body.

The tragedy was the result of a murder committed by Stout earlier in the evening. Stout sent in a hurried call for the police patrol from his home in Wheeler Place. The patrol wagon, driven by George Kent, and containing two patrolmen, sped to the scene on arriving there they found everything quiet.

SHOOTER WAGON DRIVER.
While the officers were wondering why the call had been sent in three shots were fired from ambush and Kent, the driver of the patrol wagon, tumbled from his seat with two bullets in his head. He died almost instantly.

Presently the murderer, George Stout, was seen, rifle in hand, scrambling up the side of a neighboring culm heap. Turning around he shouted to the patrolmen:

"What are you fellows doing there? Get out of there quick!"

He leveled the rifle but did not fire. He then laid down on top of the high bank with his face toward the men and his gun in position for a shot.

An alarm quickly brought a squad of police with Mayor von Bergen to the scene. Stout stood up and shouted defiance from his high perch, but every attempt made by the police to reach him was met with a shot from his rifle.

The battle lasted for two hours and twenty patrolmen were engaged in the conflict. It was stated that Stout had suddenly become insane and that he called the police patrol to protect his home from being blown up by an imaginary foe.

BIG POWER IN WASHINGTON.
Eastern Railroad Interests Building Plant at Packwood Lake to Aid Line.

(BY DIRECT WIRE TO THE TIMES.) TACOMA (Wash.) July 31.—(Exclusive Dispatch.) At Packwood Lake, one hundred miles southeast of Tacoma, the Valley Development company, a corporation said to be closely identified with William Rockefeller, Harriman and North Coast Railroad interests, is building the largest hydro-electric power plant in the northwest.

Judge John A. Shackelford has resigned a Tacoma Superior Court judgeship, effective tomorrow, to become attorney for the Valley Development company. It is stated that Shackelford will also become counsel to the North Coast Railroad and that in the near future he will apply to the city commissioners of Tacoma for a franchise under which the North Coast Railroad and new power company can enter Tacoma.

Tacoma recently returned from the Upper Columbia valley that 150 men are building a dam across the lower part of Packwood Lake. The water will be raised forty feet and allowed to run three miles to a blue slide over which it will fall through turbine wheels developing 100,000 horse power.

The Tacoma Eastern is owned by William Rockefeller and the Chicago Milwaukee and Puget Sound Railroad. It is stated that transmission lines will be built from the Packwood Lake plant to Tacoma, North Yakima and Yakima, and that the child disappeared weeks ago, was found yesterday floating in the Lake Champlain Harbor not far from the place where the houseboat from which the child disappeared was moored. An autopsy will be performed.

CHILD'S TORSE FOUND IN LAKE.
GLENN'S FALLS (N. Y.) July 31.—With the head, hands and feet missing, the body of Beatrice Renaud, the 7-year-old child of Mrs. Renaud of Whitehall, who disappeared several weeks ago, was found yesterday floating in the Lake Champlain Harbor not far from the place where the houseboat from which the child disappeared was moored. An autopsy will be performed.

PORTLAND, July 31.—(Exclusive Dispatch.) After having suffered up of several days of construction on the new Thompson Hotel which is to be one of the largest city, Charles K. Henry, one of the city's heaviest capitalists has right for the "open shop" and his workmen have agreed to work tomorrow.

"I was fully determined to the unions dominate me," Henry, and I had made all means to keep work suspended year if necessary. The union was in earnest, and without 'closed shop' demand after-up for a few days."

Mr. Henry has recently visited cities of the Pacific Coast and engaged business and labor of the results he tells as follows: "PROSPEROUS CITY."

"Los Angeles and Portland only cities on the Coast that are enjoying good times and going now."

"Why? because the unions control them."

"Union control must not be here in Portland. When the delegates came to me and ask Thompson Hotel was to be union labor I said 'no,' and the work that was being done made certain that the 'open' should build this building."

"It has got to the point in San cisco where even the chickens are organized. If some one gets a brace of ducks and I were to take them to the hotel the chef would say 'them ducks he would shake his head.' 'Can't do it. They haven't been by a union picket.'"

"Other conditions besides I had, too. You will see in a market street from the ferrying after building without work."

COYOTES SPREAD RABIES
Cattlemen and Ranchers Worried by Madder and from Idaho.

(BY DIRECT WIRE TO THE TIMES.) ENTERPRISE (Or.) July 31.—(Exclusive Dispatch.) The prey coyotes afflicted with hydrophobia the Idaho side of the Snake River spread terror among cattlemen and ranchers of this county. Alon Creek James and Charles Ayer have killed a coyote suffering rabies. The animal ran in the kitchen of the ranch-house and was shot down by a ranchman.

Reports also come here from among dogs across Snake River, Idaho. E. B. Wilson and C. Nick, both cattlemen from the Idaho side, report the prevalence of disease among the dogs which contract it from coyotes.

Ranchers everywhere are efforts to trap or poison coyotes the spread of the rabies contagion.

THE GREAT PACIFIC SLOPE.

LABOR FIGHT.Capitalist Refuses to Stand
for Coercion.Rough-Neck Dictators With-
draw Demand.Investor Tells Why San Fran-
cisco Slumps.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, July 31.—[Exclusive Dispatch.] After having suffered a tie-up of several days of construction work on the new Thompson Hotel block, which is to be one of the largest in the city, Charles K. Henry, one of Portland's wealthiest capitalists has won his fight for the "open shop" conditions and his employees have agreed to resume work tomorrow.

"I was fully determined not to let the unions dominate me," said Mr. Henry, and I had made all arrangements to keep work suspended for as long as necessary. The unions saw I was in earnest and withdrew their demand for demand after using us up for a few days."

Mr. Henry has recently visited all the cities of the Pacific Coast and investigated business and labor conditions. The results he tells as follows:

PROSPEROUS CITIES.

San Francisco and Portland are the only cities on the Coast that are enjoying good times and going ahead.

Why? because the unions do not control them.

"Union control must not be tolerated here in Portland. When the walking delegates came to me and asked if the Thompson Hotel was to be built by union labor I said 'no,' and I stopped the work that day. The unions saw I was in earnest and withdrew their demand for demand after using us up for a few days."

"It has got to the point in San Francisco where even the chicken pickers are organized. If you give me a brace of ducks and I were to take them into the kitchen of the hotel and ask the chef to have them cooked for me, he would shake his head and say 'I can't do it. They haven't been picked by a union picker.'"

JOBS ARE SCARCE.

"This condition is reflected in the business life of the city. Foundries and factories that used to employ 5000 men are now running with 500. Hundreds of unemployed men are walking the streets of the city. When a union man gets a job he is well paid, but the difficulty is in getting that job. The number of men out of work in San Francisco is appalling."

"Other conditions besides labor are bad, too. You will see in walking up Market street from the ferry, building after building without tenants."

COVETED SPREAD RABIES.

Cattlemen and Ranchers of Oregon Worried by Madded Animals from Idaho.

(BY DIRECT WIRE TO THE TIMES.)

ENTERPRISE (Or.) July 31.—[Exclusive Dispatch.] The presence of coyotes afflicted with hydrophobia from the Idaho side of the Snake River has spread terror among cattlemen and ranchers of this county. Along Horse Creek James and Charles Appleton have killed a coyote suffering with rabies. The animal ran into the kitchen of the ranch-house after biting two cows and a ranch dog.

Reports also come here of rabies among dogs across Snake River in Idaho. E. B. Wilson and C. W. Warrick, both cattlemen from that section, reported the prevalence of the disease among the dogs which have contracted it from coyotes.

Ranchers everywhere are rushing efforts to trap or poison coyotes, but the spread of the rabies continues.

ESCAPE FROM CHAIN GANG.

Two Prisoners Seize Guard's Rifle and Fire into Brush Near Marysville.

(BY DIRECT WIRE TO THE TIMES.)

MARYSVILLE, July 31.—[Exclusive Dispatch.] Two county chain gang prisoners who made a spectacular escape from Guard House here yesterday afternoon are still missing, and are believed to be out of the county. Yesterday afternoon Joe Wolf, a negro, and Earl Glenn, white, who serving ninety days for vagrancy, escaped with the aid of the warden of their guard.

With other prisoners they were working near the County Hospital. Guard Hoover said his gun down a moment to direct the work being done, when Wolf shot him and dashed away, followed by Glenn. Hoover sought to pursue them but was unarmed and powerless. The men escaped into the brush, and Hoover and other officers searched all night without locating the fugitives.

BOY KILLED BY BROTHER.

Boys Led, Nine Years Old, Practiced With Rifle Which is Discharged Accidentally.

(BY DIRECT WIRE TO THE TIMES.)

DALLAS (Or.) July 31.—[Exclusive Dispatch.] Earl Miller, the 9-year-old son of W. H. Miller, was killed by the accidental discharge of a gun in the hands of his brother, Harold, at the family home in East Dallas today.

Harold was shooting at a target with a 2-caliber rifle and Earl, who his father was watching. The young marksman had cocked the gun and was in the act of raising it to shoot, when the weapon caught in his coat and was prematurely discharged, the ball striking his brother in the left breast just above the heart.

Crying, "Oh, my," the wounded lad sank to the ground dying instantly.

THOUSANDS CHEER FLAG.

TACOMA TOWNSHIP MEETING ENDS.

TACOMA, July 31.—Thirty-one thousand spectators cheered as one man, 3:30 last night as Old Glory sank slowly from view in Tacoma's stadium, marking the close of military tournament week.

As five great searchlights illuminated the flag, a battery of field artillery sent a national salute of twenty-one guns in honor of Tacoma's military.

across the waters of Puget Sound. The entire city was given over to a "crazy" carnival, in which 50,000 people participated in the official close of the tournament.

FLEES DESERTED WIFE.

Portland Man Learns Better Half Has Found Him After Ten Years, and Escapes.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, July 31.—[Exclusive Dispatch.] After a journey across the continent for the purpose of effecting a reconciliation with her husband, who she says deserted her ten years ago, Mrs. Edward Matthews of Cincinnati, arrived in Portland only to learn that her husband had given her the slip and fled before her arrival. Mrs. Matthews appealed to captain of Detectives Moore to assist her in locating him.

Matthews was a merchant in Cincinnati and joined in the Klondike stampede. He did not return to his family in Cincinnati, but stopped in Seattle. During the Y. P. Exposition in Seattle, Matthews was found unexpectedly by one of his grown sons and agreed to return to Cincinnati with his family. Instead, he came to Portland and has been conducting a real estate business. A day before his arrival in the city Matthews learned that his wife was coming. Without as much as bidding his associates good-by, they say, he hurried to the city and hid in his pockets, slammed down the cover of his desk and disappeared. He has not been seen in the city since.

Mrs. Matthews declares she does not know why her husband fled from her. She wept bitterly when recounting her troubles.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, July 31.—[Exclusive Dispatch.] Thirty pastors of prominent Portland churches and other Northwest cities will preach to their congregations on the dangers of forest fires on the next two days. The first of the sermons was preached today by Rev. Luther Dwyer of the First Congregational Church. In part he said:

All over the country, and especially in this part of our country, out here in the Northwest, let's wake up to what can be done to prevent forest fires, and do it. What ought to be done in this respect is an essential part of practical everyday religion. If we fail to do it, to the degree that we fail we are positively wicked.

Capital punishment is none too severe for a man who intentionally starts a forest fire. A forest fire is a plague which ought never to be, and it will not be when our side-awake people are all that they ought to be, and when they do all they ought to do.

District Forester Chapman, whose headquarters is here, recently sent a letter to pastors asking them to tell their congregations of the evils of forest fires. He has obtained thirty favorable replies.

STOCKTON, July 31.—[Exclusive Dispatch.] Patrick Calhoun, Thorne Mullally and party were in Stockton last night, having arrived from San Francisco in automobiles in which they are taking an outing of several days. They put up at the Stockton Hotel and were more than pleased at the great improvement in Stockton.

In speaking of the outing, Calhoun said the party had started on an automobile outing through Northern California and expected to visit many places of interest before returning to their homes. He denied that any business was connected with it and declared it was simply a pleasure trip.

The Calhoun party, besides Mr. Calhoun and Thorne Mullally, consisted of Mrs. Patrick Calhoun, Miss Margaret Calhoun and Messrs. Patrick Calhoun, John and Andrew Calhoun. The party is traveling in two big touring cars.

COUNTY MAY LACK OFFICERS.

(BY DIRECT WIRE TO THE TIMES.)

WEAVERVILLE, July 31.—[Exclusive Dispatch.] In Trinity county no one is ambitious to be justice of the peace or constable. There are five townships and five wardens of a star to be elected, but no petitions for nominations for either office in the five townships have been filed. The voters are now wondering whether they should write the names of the men they wish to hold these offices those elected would accept. As no one seems to want the offices, Trinity faces the prospect of having no township courts unless some patriots are willing to make sacrifices.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, July 31.—[Exclusive Dispatch.] H. N. Sticklin, the Olympia undertaker, who disappeared early in June, accompanied by Asst. Atty.-Gen. Magill, has been definitely located in San Francisco. He is employed in an undertaking establishment at the gate city.

An old acquaintance met him on the street in San Francisco and reported his whereabouts to his parents. Since then the young man has been in communication with them. It is believed a reconciliation with his wife will be brought about.

Young Sticklin has decided to remain in San Francisco and begin life over again. Fear of facing his father following the escape, is said to have caused him to remain away.

L. J. Sticklin, the boy's father, is assigned as the cause of his slip. Young Sticklin states that he left the former Assistant Attorney-General in command of the Lindsay to take her up

His Leg.

(ASSOCIATED PRESS NIGHT REPORT.)

KLAMATH FALLS (Or.) July 31.—[Exclusive Dispatch.] Thaddeus Yorke, brought here on a charge of obtaining \$5000 on a forged bank certificate, owes his arrest to the key to his artificial leg.

Yorke, or as he called himself at the time, F. Hopston, came to Klamath Falls with letters to prominent citizens. His acquaintance with these men gave him a standing with Fred McChesney, president of the American Bank and Trust Company.

Yorke deposited in the bank a cashier's certificate on a Lexington, Ky., bank, purporting to represent \$10,000 on deposit in that institution. He talked of building a large hotel here and started to organize a company for that purpose.

After things were worked up to an exciting pitch, Yorke persuaded Mr. McChesney to let him have \$5000 on the cashier's certificate. The next day Yorke had disappeared.

Yorke had a false leg which was fastened on by means of a lock that used a peculiar key. The key became broken while Yorke was here and he had it repaired at a machine shop in the city. When arrested, the missing man was being conducted, the machinist who had made the new key, mentioned the fact that he had the old one.

Up to that time no one knew that Yorke had a false leg, and the detectives were told to watch for a man who limped. When arrested, Yorke's identity was completely established by the key which fitted the false leg he wore.

MAY TIE UP TROLLEY LINE.

Unionites Defied by Company Plan a
Strike to Cripple Northern
Roads.

(BY DIRECT WIRE TO THE TIMES.)

CHICO, July 31.—[Exclusive Dispatch.] The entire system of the Northern Electric Railway will be tied up by a strike if the efforts now on foot succeed. The company has failed to grant a raise in wages to its men, and they were ordered out by the Electrical Workers Union. This prevents the completion of the double track work under way in Sacramento.

The company has not granted a raise and the union's next step will be to order out of all men employed in electric sub-stations. This would prevent the running of street cars in Chico, Marysville, Yuba City and interurban lines between these places and Croville, Sacramento, and Hamilton city.

The company at present employs only five linemen. Some time ago a notice was given that if the men did not get a raise of \$2.50, they must be paid \$1.50 per day for eight hours, instead of \$2.50, but the demand was not met. The demands of the union were granted by the Central California Traction Company and the Sacramento Street Railway Company.

COOLER WEATHER FORECAST.

Weather Bureau Chief Forecasts Show-

After Thursday.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, July 31.—Willis L. Moore, Chief of the Weather Bureau, in prognosticating for the week, declared tonight that the general pressure distribution indicates there will be no general warm wave over the country this week.

On Monday or Tuesday, disturbance will develop in the Rocky Mountain region, moving toward, to arrive in the Atlantic states on Thursday. It will be preceded and attended by showers and will be followed by a change to lower temperature.

SEEKING TROUBLE.

GENERAL STRIKE CALLED IN
PORTLAND; EMPLOYERS FIRM.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, July 31.—[Exclusive Dispatch.] Union leaders today took another step today in their attempt to retaliate for defeat of the teamsters' strike, when they voted to ask all local unions to join in a general strike next Thursday.

Today's meeting was held by a committee appointed Friday night by the Central Labor Council, with power to act. The committee decided to instruct the secretaries of forty-eight affiliated local unions to appeal to their respective national bodies for support in a general strike. If that support is assured they declare the strike will start next Thursday.

SOURCE OF MUCH ANXIETY.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, July 31.—[Exclusive Dispatch.] Absence of news regarding the steamship A. G. Lindsay, which sailed for Bethel on the Kuskowim River, June 10, is causing anxiety to shipping men, also friends and relatives of the passengers and crew. She was due here eleven to fifteen days ago.

It was fully realized that the Lindsay voyage to Bethel had a large amount of risk attached to it. The steamship was to be the pioneer vessel of her class in establishing a new port for what was to be the short route to the Lillaur goldfields.

Capt. Downing, who is well acquainted with the Bering Sea Coast, was put in command of the Lindsay to take her up

The citizens of the San Benito neighborhood are greatly aroused and it was feared that many more killings would result, but for the fact that the rifles have declared martial law at San Benito and are disarming both Mexicans and whites.

KENTUCKIAN SHOT.
STATE TROOPS ARREST.

KUTTAWA (Ky.) July 31.—While attending a barbecue near Lamassee, Lyon county, on Saturday night, Axel Cooper, chief witness for the State against the nightriders, was shot and fatally wounded. William Mitchell, Alonzo Grain and Brown Hawkins, young men of the neighborhood, were arrested by State troops and are charged with the shooting. Soldiers have been sent to the scene.

AN ILLINOIS LYNCHING.
NEGRO ENTERS GIRL'S ROOM.

CAIRO (Ill.) July 31.—The screams of the young daughter of John Wade, who lives ten miles northeast of this place, resulted last night in the capture and lynching of a negro who had entered her room and was discovered at her bedside. The negro had no time to escape and died under the bed. He was dragged from his hiding place, and a body of men quickly gathered. The negro was placed in a wagon and a rope tied about his neck. The other negroes were fastened to a tree. The wagon was driven from under him and his body was riddled with bullets.

NEW TERMINAL COMPLETE.
Pennsylvania's Great Railroad Struc-
ture in New York Will Be For-
mally Opened Today.

NEW YORK, July 31.—The new Pennsylvania Railroad terminal in New York City, said to be the greatest railroad structure in the world, will be opened formally at 3:30 o'clock tomorrow afternoon, although passenger service westward under the Hudson River, and to Long Island under the East River, will not begin until September 1.

At 3:30 p.m., a special train bearing President James McCreary, the board of directors and other high officers of the Pennsylvania system will enter the station through the tunnel under the Hudson River.

A bronze statue of Alexander J. Cassatt, president of the Pennsylvania system, will be unveiled and presented to President McCreary as the head of the system. The statue is of heroic size. On the pedestal is this inscription: "Alexander John Cassatt, president of the Pennsylvania Railroad Company, 1898-1908, whose foresight, courage and ability achieved the extension of the Pennsylvania system into New York City."

OLDFIELD IS NOT BLUFFED.
He Declares His Willingness to Race
Jack Johnson or Any Man With
the Coin.

NEW YORK, July 31.—Jack Johnson, the negro champion, has found one white chauffeur who is willing to race against him, in an automobile. In a telegram to the Associated Press from Allentown, Pa., today, Barney Oldfield declares his willingness to race Johnson.

"Automobile racing is my business," Oldfield said, "and if Johnson, or any other man in the world has \$5000 to bet that he can beat me at my game, I am ready to race."

MINERS LOSE FIGHT.

MCALISTER (Okla.) July 31.—Miners who returned to work today from the fruitless conference at Kansas City are much disappointed. It is now assured that as soon as an agreement is reached between the Rock Island Coal Company and the Missouri, Kansas and Texas Railroad, the mines will reopen under an open shop policy.

BALLOON TEST IN GERMANY.

BERLIN, July 31.—The dirigible balloon Gross III, which left Gotha at 9 o'clock last night, with a military crew aboard, made a safe landing at Teget, at 6 a.m. today. The balloon, traveled between 120 and 200 miles.

LAWRENCE (Kan.) July 31.—The bodies of Private Harvey Cox, James Higgins and Lindsay Sidel, Co. L, Third Battalion, United States Engineers, who were drowned in the Rock Island Coal Company and the Missouri, Kansas and Texas Railroad, the mines will reopen under an open shop policy.

WASHINGTON, July 31.—A new phase of railroad development will be marked by the installation in this city tomorrow by the railroads of the United States of a Bureau of Railroad Economy, formal announcement of which was made recently from Chicago. Logan G. McPherson is director-in-chief.

"The bureau," said he today, "proposes to build up a complete railroad library and to make reports for matters of railway interest other than those of a technical nature. It will not conduct polemic discussion, nor is it a publicity bureau, although it is hoped it may be of public service as well as of use to the railroads."

DENVER (Colo.) July 31.—That a large part of the \$250,000 fund to be raised by the Western Federation of Miners, by the assessment of one shift's pay against each member, was provided in a resolution adopted last Friday, will be devoted to the organization of the miners of the Lake Superior copper district in an attempt to secure the same wage scale paid by the Amalgamated Copper Company and other Montana copper producers, was the statement made here today by Jerry O'Neill, a member of the Butte delegation to the annual convention of the federation, now in session here.

"In this undertaking," declared O'Neill, "the miners have the backing of the Amalgamated company, controlled by the Rockefeller interests, which seeks to force the cost of production in the lake region to at least an equality with that in the Montana fields. The Butte local, which is the largest in the federation, numbering some 500 members, backed by the Amalgamated interests, will use every means to force through the organization of the lake district miners at the earliest date, according to O'Neill."

DROWNED IN SACRAMENTO.
SACRAMENTO, July 31.—Fifteen-year-old August Dahlshields, son of W. Dahlshields of No. 529 K street, was drowned in the Sacramento River here today, while swimming with a number of other boys. Coroner Gormley was also late tonight notified that the clothing of an unknown man had been found on the river bank three miles below the city. It is believed the man was drowned.

With Vatican.Offers no Hope of Resump-
tion of Relations.

(ASSOCIATED PRESS NIGHT REPORT.)

MADRID, July 31.—Premier Canalejas describes the recall of Marquis de Ojeda, the Spanish Ambassador to the Vatican, as "an indefinite suspension of negotiations."

The Premier today made a statement bearing on the controversy between the church and state, since the beginning of the negotiations.

"The moment I assumed power," he said, "I opened negotiations for a reconciliation of the religious orders. The Vatican replied, offering less than was offered to Premier Maura. We were gravely disappointed, but pursued the issue in a spirit of great moderation."

"Desiring to advance the question without rupturing the negotiations, we exercised our right of sovereignty by issuing decrees, compelling the orders to register under the law and authorizing different sections to display the emblems of public worship. As the Vatican replied only with protests, we introduced a bill interdicting further orders until the revision of the concordat had been accomplished."

"When the Vatican ordered the suspension of the decrees as a condition of the continuation of negotiations, the government, despite its desire to avoid a rupture, decided to consider the negotiations abortive and to proceed to carry out its programme by decrees and explanation. The King approved our course. The situation will not retard the visit of His Majesty to England next week."

The Liberal newspapers enthusiastically applied the virile, independent act of the government. The republican newspapers promise their support and urge the government to persevere in its policy."

VATICAN IS GREATLY
OFFENDED AT PREMIER.

(ASSOCIATED PRESS NIGHT REPORT.)

ROME, July 31.—The Papal Nuncio at Madrid, Mr. Vico, has not been recalled by the Vatican, which is awaiting the official announcement of the recall by the Spanish government of Marquis de Ojeda, Ambassador to the Vatican. The situation with regard to the rupture of the Spanish Ambassador, as the announcement was made through the press, and neither the Papal Nuncio at Madrid nor the Vatican was notified directly. As a consequence the papal Secretary of State, Cardinal Merry del Val, has not been able to take any measure of retaliation, but it is believed that Mr. Vico will be instructed to leave Madrid immediately after the official announcement of Marquis de Ojeda's recall is received here.

The opinion is held in some circles, however, that the Vatican will give further proof of tolerance by permitting the Papal Nuncio to remain at Madrid, notwithstanding the withdrawal of the Spanish Ambassador, as was the case when the French government ordered the French Ambassador to leave the Vatican to return to Paris. On that occasion the Papal Nuncio, Mr. Lorenzelli, remained in Paris until diplomatic relations were completely broken off, and there are some who still hope that the recall of Marquis de Ojeda is merely temporary, his absence from Rome assuming the nature of a simple vacation, and that he will return when an agreement has been reached.

HARTFORD STAR
OF SAD "IRIS."BURLINGAME DIRECTOR SHOWS HIS
ADMIRABLE ART.

Miss Harned and Rest of Company
Give Very Creditable Rendition of
Gloomy Old Problem Play—"Johnny
Jones" at the Burbank—"Queen of
the Highway" at the Grand.

Miner's number "Iris" a superb psy-
chological and character study, not-
withstanding its gloomy and morbid
and way emotional tenor which puts it
quite out of the class of the play which
is the vogue just at present, is receiv-
ing a very good presentation at the
hands of Virginia Harned and her com-
pany at the Majestic Theater.

The Harned company was at its best
in "An American Widow." Here the
heavy voice of the star was success-
fully veiled in laughter, and the deli-
cately fun-making talents of her asso-
ciates were shown in full play. "Tan-
queray" was not good, for Miss Har-
ned herself was a picture of bathos,
but pathos and the company jarred and
it was by no means evenly dis-
posed. "Iris" now comes, and while it
is not so good a play as "Tanqueray,"
it is a more successful one. The com-
pany is in it, and Miss Harned, while
somewhat ponderous in person and lu-
briated in tone, has moments of gen-
uine splendor—moments in which your
heart leaps in sympathy with the very
real sufferings of a real and really dis-
tressed woman.

The towering figure of this produc-
tion, however, is David M. Hartford.
Mr. Hartford is an actor with limita-
tions as most actors are to be sure,
but outside of his limitations, rather
than within them, he is very fine. Har-
ford is an excellent actor, and his
powerful men. In scenes where vir-
tually volume and actual physical
strength are needed, as in the scene
where he is always there. So, Mal-
denado, this week, he sweeps the stage,
sweeping, if you remember the play,
the bulky, dominant but well-mean-
ing brute who gives Iris his check
book, and then, when he finds her di-
recting his cash in one direction and
indignantly smashes the furniture, in-
cidentally grinding such a little thing as
the will of Iris fairly under his
heel. Mr. Hartford is not all for-
sion, however. I thought his quiet
reading of the earlier lines, where Pi-

William Yerance is anxiously await-
ing the production of "The Great John
Ganton," for in the role of Ganton, the
commanding Chicago, business man,
Mr. Yerance always makes what is about
the best role of his extended and varied
career. Persons who saw George
Fawcett as John Ganton, when the
Shubert presented the play at the
Auditorium last winter, will readily
recognize Yerance's fitness for this ex-
acting part. The production will also
serve to introduce as a regular mem-
ber of the Belasco Company, Miss
Emma Lowry, a southern society girl
who has already achieved quite a suc-
cess during her three years' career
with the Frohman companies. Last
year Miss Lowry was a prominent
member of the eastern company pre-
sented "The Thief," and her appear-
ance with the Belasco Company is
looked forward to with much eager-
ness by her Los Angeles friends,
many of whom are prominent in army
circles.

Miss Rosina Henley, the new in-
genue of the Belasco Company, will
arrive in Los Angeles this afternoon,
accompanied by her mother, Helen
Bertram, the well-known prima donna.
Miss Bertram will make Los Angeles
her future home. Miss Henley's in-
itial appearance at the Belasco will
be made a fortnight hence in "The Wid-
ow's Peter," Lillian Russell's play of
last year.

John J. Kennedy, a well-known east-
ern comedian, will soon join the Be-
lasco forces. Mr. Kennedy will not re-
place any of the Belasco-Blackwood
people, but will rather fill the gap that
has heretofore been vacant—the play-
ing of robust comedy parts of the sort
recently interpreted on the Belasco
stage by James Corrigan in "The Man
of the Hour," "The Dollar Mark" and
"Going Home."

Mr. Kennedy, by the way, expects to be-
come a member of one of the Morosco-
Baker-Belasco-Hellig companies in the
northwest.

"The Test," the Jules Eckert Good-
man play, in which Blanche Walsh
was seen at the Mason Opera-house
last season, has been turned over to
the Belasco Company for stock pur-
poses. It will be remembered that the
Lewis S. Stone Company, under
the Blackwood management, gave the
first presentation on any stage of "The
Test," and one of Mr. Stone's best-
liked performances in this city was
his treatment, the ex-convict.

Well-authenticated advices from near
to the theatrical throne in New York
conveys the interesting information
that all rumors to the effect that there
will be any change in the syndicate re-
lations towards the local Mason Opera-
house are mere figments of someone's
heavy imagination. Will Wyatt is
moving along like a veteran manager,
and to all intents and purposes he will
hold undisputed sway at the local syn-
dicate theater for some time to come.

SANTA MONICA BEACH CRICKET TEAM DEFEATS LOS ANGELES MEN.

Ramford Disposed of in Very Unique Manner.

Local Men Fail to Play Up to Usual Form.

In the second cricket cup game yesterday afternoon played at Santa Monica, the beach team won by 108 runs from the Los Angeles men.

Los Angeles won the toss and sent in Poland and Heavens with Jamieson and Apple playing.

In Apple's second over he clean bowled Heavens after the latter had made six. Ramford then joined Roland and the two, by steady playing, sent up the 50. They were well set and each looked like reaching big figures when Apple was replaced by Jamieson and Cochran relieved Elliott, who had taken the ball from Jamieson.

The change had the desired effect for it running out at one of Cochran's deliveries. Roland was clean bowled, having made a valuable 25. With the Captain and his son in, run came fast and after being well set the Los Angeles captain was dismissed in a most unique manner. In attempting to hit Cochran he tipped the ball with the result that it lodged in his pads. The Santa Monica captain, who was keeping wicket for the beach team, removed the ball and Ramford was given out, "caught." The incident caused a good deal of amusement among the spectators, and it was certainly a most unique incident in the annals of cricket.

He 25 was the result of sound cricket and he was most unfortunate in being dismissed in this manner.

With Heavens joining Ramford, Jr., the 50 was sent up, and at 33, Ramford was caught at third man off Wilkes, who had taken Jamieson's place, with the ball. Madcock, the best man in, was sent back with a "duck." Meggett then joined Heavens and the pair stayed together till the luncheon hour.

On resuming play at 2 o'clock the local team completely collapsed. In Elliott's first over Heavens and Meggett were both sent back; Cochran, who was bowling the other end, was equally successful, being instrumental in dismissing of Lane and Wichmann his first over.

Roberts and Brown, the last men in, added only seven runs when the former was caught at mid-on off Elliott, the entire side being out for only 102. The last six wickets only put twenty runs.

At 2 o'clock the Santa Monica eleven went in to bat, the beach team's captain taking in Elliott as his partner, the bowlers being Ramford, Sr., and Meggett. The batsmen soon settled down and runs came fast. After thirty minutes' playing 50 went up, when Lane replaced the bye and Wichmann took the ball from the Tyle, one of his strokes had the effect of sending back Hurdick, who was finely caught by Wichmann at mid-on off Lane, one wicket for 25.

Cochran, the next man in, was soon disposed of, being clean bowled by Wichmann.

With Wilkes and Elliott together the spectators were treated with some fine cricket, the pair knocking 50 runs between them. Ramford, Sr., and Meggett, who had been sent back, were put on at 4 o'clock. The 100 was sent up. At 126 Elliott was beautifully caught out by the Los Angeles captain on the boundary, after having made 47.

After twenty minutes interval the game was resumed with Wilkes and Higgins facing Madcock and Meggett at 150. Fred Ramford replaced Madcock and in his first over he got Wilkes caught at point, his 41 runs being made in faultless style. With Jamieson and Higgins together, some splendid slogging was indulged in, the Australian Jeppu" hitting a 4 and 2 runs in one over from the Tyle, one of his strokes sending the ball onto the roof of the pavilion.

At 181 runs Jamieson was run out as he dismissed the side were soon disposed of for 210 runs. Apple carrying at his bat for a well-played 21.

REVOLVER PRACTICE.

E. Smith Leads His Team-Mates in High Gun, But is Beaten in Totals.

W. E. Smith made the highest score of the day's shoot at practice on the range of the Revolver Club, Bishop road, yesterday, scoring 84 G. I. over leading by one point in the aggregate of the four scores, with 260 member, M. E. McKeever, shot best score with a pistol. He undoubtedly has the making of a good marksman. J. Byers also shot the pistol for the first time, both making marks when shooting off, one shot McKeever won with a 10 to 7.

Large number of the members are present, making the attendance unusually large.

The following are the scores:

W. E. Smith, 80-84-88-87-85-83.
J. Byers, 75-80-85-82-80-78.
M. E. McKeever, 75-80-85-82-80-78.

GILL MAY SAIL FOR LOS ANGELES IN BALLOON RACE.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, July 31.—[Exclusive Dispatch.] Howard W. Gill, aviator and balloonist of Baltimore, announced tonight that he would qualify for a balloon pilot's license so as to be able to compete in the national elimination race to select the American team for the annual balloon race.

The elimination events take place September 17 from Indianapolis and the international from St. Louis, October 17. Gill did not state what club he would represent, but intimated that it would be the Aero Club of Los Angeles. "No California club has ever been represented in a national meet," he said.

Gill came to this city today from an eighty-one-mile balloon trip to McBridge, Mo., runs his machine in the St. Louis No. Three of 60,000 cubic feet capacity, in competition with members of the Aero Club of St. Louis. He was encouraged by the trip and said that in the next few weeks, while not busy as a pilot, he would make the trips necessary to qualify him for a license.

TRAVIS DOES FINE PLAYING.

SMASHES RECORDS ON CHICAGO GOLF COURSE.

Lops Off Six Strokes from Amateur Record and Two from Best Mark Ever Made There by Professional—Scores in Sixteen Under Bogey and Close to Bogey.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, July 31.—[Exclusive Dispatch.] Walter B. Travis of New York today broke all records for the Chicago Golf Club's difficult course, cutting six strokes off the amateur record, and two strokes from the best mark made by a professional. These marks were 71 for the professional, and 75 for amateurs. Travis finished in 66 strokes.

He made the record while playing in a four-ball foursome. His partner was Barvis Hunt. They were playing against K. L. Ames and J. M. Sellers, Ames being the former amateur record-holder. During the morning, he had made the course in 75, beating the previous mark of 71. Ames's great morning work made him and his partner one up at the end of the first sixteen holes, but Travis's great playing in the afternoon quickly decided the matter. Travis and Hunt won 7 up and 6 to play.

Travis and Hunt squared the match by winning the first hole in the afternoon play, and took the next two for a lead of 2 up. Then they won four of the remaining 9 up to the twelfth, and ended the match.

Travis's performance was sixteen strokes under bogey and eight strokes under par. He made par or better on every hole but the thirteenth, taking five strokes where par is only four.

FANS FIGHT IN HONOLULU.

HONOLULU, July 31.—Rioting broke out today at the baseball game, in which the University of Waase team of Japan was defeated by a local Chinese aggregation, 1 to 0. The Portuguese and Japanese fans began fighting and a general mix-up resulted when the police arrived. Three leaders of the Japanese were arrested.

HELD FOR MURDER.

ton, aged 22, of Newark, O., a saloon-keeper, is held here under a charge of first degree murder in connection with the lynching July 8 at Newark, of Carl M. Etherington, an Anti-Saloon League special officer. He is alleged to have placed the noose about Etherington's neck. Detectives have been searching for Bolton since July 10, when he left Newark. Bolton's saloon was one of the places Bolton's saloon was one of day of the lynching. He is a political power at Newark.

IRREGULARITY IN VOTE.

YOUNGSTOWN, (O.) July 31.—Escaping uninjured from the wreck of his freight train, which collided with another freight at Lowellville today, Conductor Charles A. Williams was unable to free himself from the wreckage and was burned to death before the eyes of his crew, who were unable to aid him.

TWO DROWN IN LAKE ERIE.

DETROIT, July 31.—The wife and small son of Capt. R. H. Deady were drowned today when the barge Grace Whiteness was run down by the steamship Ogdensburg, three miles below Point Light, in Lake Erie. The barge sank almost instantly. Another child, a girl, clung to some wreckage and was picked up with the other survivors.

VISITATIONS.

IMPERIAL POTENTATE'S TOUR OF SHRINE TEMPLES.

FRED A. HINES, Imperial Potentate of the Ancient Arabic Order of the Nobles of the Mystic Shrine, returned Saturday night from a three months' visitation of the various temples of the order in this country and Canada. In the course of the tour, which was the first made by Mr. Hines since his elevation to the high office in the Shrine, he made four trips across the continent.

In the course of his tour, the Imperial Potentate visited the temples at Indianapolis, Reading, Pa.; Utica, Boston, Springfield, Lewiston, Me.; St. John, N. B.; Montreal, Toronto, Buffalo, Erie, Cleveland, Detroit, Marquette, Wis.; Duluth, St. Paul, Minneapolis, Grand Fork, N. D.; Fargo, Butte, Spokane, Victoria, B. C.; Seattle, Tacoma, Portland and Boise, Idaho. He then traveled back across the continent to visit Scranton, Pa.

Mr. Hines left here May 1 and was actively and continuously engaged in visitation work until he reached home. He will take a brief rest from his labors and, September 10, will again start out. The next tour will probably last even longer than the one just completed. He has 123 temples of the Mystic Shrine under his immediate jurisdiction. These are scattered through this country, Mexico and Canada. The western outpost is Honolulu, where Aloha temple is located. Mr. Hines will hold office until July 12, 1911, when the next Imperial Council will be held at Buffalo, N. Y.

There is some talk of a Shrine pilgrimage to Hawaii for next year. Should the plan be carried out, a steamer will be chartered and a party of neophytes taken down and put through their paces in the crater of Kilauaea, within view of Hialemau's seething pit.

"My primary object in making the visitations," he said yesterday, "was to call the attention of the nobles of the different temples of my jurisdiction to the fact that the order has reached such large proportions that it calls for better laws, the adherence of the subordinate temples to those laws, and the general uplifting of the order."

"Our membership today is in excess of 151,000, and if this enormous power is directed toward the true tenets of the order—brotherly love, charity and fraternity—a wonderful amount of good can be accomplished. I found a most ready response to these principles in every temple that I visited."

"In regard to financial conditions throughout the country, I might say that nowhere did I find affairs as satisfactory as on the Pacific Coast. Conditions in the East are not the best by any means, and money seems to be more or less at a standstill. In the Middle West money is quiet, owing to the uncertainty regarding the crops."

"On the Pacific Coast, on the other hand, I everywhere found a spirit of optimism prevailing which overcomes all obstacles. I may add that wherever I went, I found all eyes forecasted on this city, because of the wonderful strides which we have made during the past ten years."

By Lydia E. Pinkham's Vegetable Compound. Black Duck, Minn.—"About a year ago I wrote you that I was sick and could not do any of my household work. My sickness was called 'Hysteria.' When I would sit down I felt as if I could not get up. I took Lydia E. Pinkham's Vegetable Compound and just as you told me and now I am perfectly cured, and have a big baby boy."

Consider This Advice. No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtues of Lydia E. Pinkham's Vegetable Compound.

It cures female ill, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Mexican Woman Unconscious and Red Trail Leads to Tent Where Man Is Seen in Like Condition—Evidence of Severe Punishment Revealed to Guardians of Peace. SANTA MONICA, July 31.—The police officers at an early hour this morning found the body of a Mexican woman, lying unconscious in a pool of blood, which was evidently her own blood, in the kitchen of a small house just in the rear of the North Beach Hotel. Near by were two other clots of blood, showing that the woman had probably not lost consciousness until after receiving severe punishment.

The manner in which the furniture in the room had been tossed about bore witness to a desperate struggle. The trail of the assailant led to the old Arcadia grounds near the beach. Here beneath the floor of a tent a man was found bruised and bleeding. He was drunk. He was arrested and placed in jail. His name is Reyes.

It was at first believed that he had assaulted the woman, but the officers now think that the husband of the woman found his wife and Reyes in a compromising position and proceeded to give them both a sound thrashing. Reyes escaped, and although a look-out has been kept, no clue has been found having a bearing upon his hiding place. Although the woman and Reyes each lost large quantities of blood and are painfully cut and bruised their injuries are not serious.
